

Email:

Those of you who attended the annual meeting know that we discussed raising the membership dues for 2020-2021 (all annual memberships expire 30-April). Because of the recent closure we will not be raising membership dues this year.

In hopes of avoiding lines for renewing memberships when leagues begin this year we are offering membership renewal via mail. This is an optional service.

To renew by mail please go to the club web page at: <https://hartfordgunclubwi.com>

Select Hours/Fees, Membership for instructions and the membership renewal form.

Web page text:

To renew your annual membership or switch to a Life membership:

1. You must know your shooter number and the shooter number of your spouse if your spouse has a shooter number. If you have a membership card the number is on the card.
2. If you require a shooter number you can request one by completing the request for a shooter number at the bottom of this page.
3. You must pay by check; please do not send cash.
4. No league or shooting fees can be paid via mail-in membership renewal at this time.
5. You must be a Regular or Senior member to renew by mail.
6. If you are 62 on or before 1-May-2020 you are a Senior.
7. Existing Life members do not renew.
8. Youth members must provide proof of age at the time of renewal.
9. If you are not already a life member but choose to become a life member this year you can do so by paying the Life member fee (see above).

Those who do not include a self-addressed, stamped envelope can pick up their membership cards at the desk when it is convenient.

If you have questions you can email HCGCMembers@gmail.com and we will respond as quickly as possible.

To renew by mail please include:

1. A completed copy of the form on the Membership page.
2. One form for each member/spouse renewal.
3. A check for the correct annual or life membership amount.
4. A self-addressed, stamped envelope if you would like your membership card(s) mailed to you. This is optional; you can pick up your membership card at the club when shooting starts.
